Dimensional Analysis and Scaling

December 16th, 2019 - Dimensional Analysis and Scaling 1 1 Mathematical models A mathematical model describes the behavior of a real life system in terms of mathematical equations These equations represent the relations between the relevant properties of the system under consideration In these models we meet with variables and parameters In'

~~'Dimensional Analysis ScienceDirect~~

December 26th, 2019 - Dimensional Analysis provides the foundation for similitude and for up and downscaling Aeronautical Civil and Mechanical Engineering have used Dimensional Analysis profitably for over one hundred years Chemical Engineering has made limited use of it due to the complexity of chemical processes'
