' probability

may 1st, 2020 - the probabilities of rolling several numbers using two dice probability is the

branch of mathematics concerning numerical descriptions of how likely an event is to occur or

how likely it is that a proposition is true probability is a number between 0 and 1 where

roughly speaking 0 indicates impossibility and 1 indicates certainty'

, Probability Rules

May 1st, 2020 - Definitions and Notation Before discussing the rules of probability we state

the following definitions Two events are mutually exclusive or disjoint if they cannot occur at

the same time The probability that Event A occurs given that Event B has occurred is called a

conditional probability The conditional probability of Event A given Event B is denoted by the symbol $P(A|B)$
